

# HOW TO CONNECT TO MY DEVELOPMENT

My Development is accessible via internal and external network. For security reasons, some functionalities are only enabled on the BNP Paribas network.

## CONNECT VIA THE BNP PARIBAS NETWORK

Below you can find the different possibilities to connect to My Development via the internal network :

- With my Smartcard
- For users not in possession of a smartcard, install the iPKI certificat, that has a validity of 2 years : <https://ipki-support.group.echonet>
- If you don't have a smartcard not iPKI Certificat, use your RefOG credentials (at each log on).
  - Forgot your user ID ? [Click here](#)
  - To reset your Echonet password, [click here](#)

## CONNECT VIA AN EXTERNAL NETWORK

- To access My development from outside the BNP Paribas Network, click on the link hereafter and introduce your user ID and My Development password: <https://hr-bnpparibas.csod.com>
  - Forgot your user ID ? [Click here](#)
  - To receive or reset your My Development password, [click here](#)
